DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-17 are rejected under 35 U.S.C. 102(b) as being anticipated by Zaborney (U.S. 4,508,323).

See Figure 2b where element 11 serves as a sealing strip to protect the printing layer.

3. Claims 12 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 12, use of the phrase "in particular" is indefinite. In claim 16, use of "preferably" is indefinite. Both of these phrases are equivalent to a range within a range. It is unclear whether the claim is limited to the general or more particular case.
